Digital Tape Measure	WPRYBSW106S	£40.82

Sonic Laser Measure

- Distance measurement point and shoot system
- Laser dot for reference, on board calculation standard. Metric, memory input / recall, volume and area calculation
- Ideal for the serious DIYers, real estate agents and residential agents
- Specification: 60cm to 15metre distance, Class II laser pointer, 9 volt battery, Low battery indicator

Description	Code	Price
Sonic Laser Measure	WPBDBDM100	£41.00

Intellimeasure

- Ultrasonic measuring device that measures up to 15m
- Integrated laser pointer - quick and accurate
- Area/volume/memory calculating
- Digital display readings are possible in Imperial and Metric graduations
- Accurate to +/- 0.5% of reading over 0.6 to 15mm

Description	Code	Price
Intellimeasure	WPINT077007	£90.58

LE 50 Laser Level Distance

- For Full specification please call our sales team

Description	Code	Price
LE 50 Laser Level Distance	WPSTBLE50	£472.16

Ultrasonic Measure With Laser Point

- Adds lengths, measures distances, areas and volumes with a laser pointer for accuracy
- Conversion of readings between imperial and metric
- Lightweight and ergonomic
- Low battery power indication
- Calculation range: Length 99,999m
- Included as Standard: Pouch, 1 x 9v battery

Ultrasonic measurement: 0.6 - 15m

Accuracy: +/- 0.5% +/- 1 digit

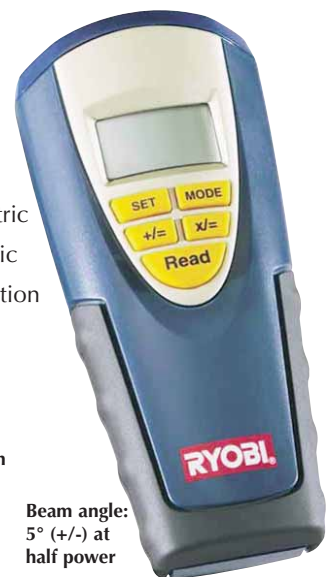

Area: 420.25m²

Volume: 8615.1m³

Aperture angle: +/- 0.5° (approx.)

Beam angle: 5° (+/-) at half power

Battery type: 9v
