Order code: KDB3028BSA

| Code | Price |
|------------|---------|
| KDB3028BSA | £777.11 |

Modular System

Start with a 2m or 3m starter workbench and simply use add-on workbenches and accessories as required.

Strength and Flexibility

Framework is constructed from fabricated steel section with welded leg supports and bolt in multi-position cross rails, which can be assembled in a variety of combinations to suit individual applications. Steelwork powder coated dark grey (RAL 7031).

Confidence

Each bench is supplied in flat pack form, the larger units having sectional worktops for ease of handling. Available in 2 lengths, 3 depths, and 3 worktop options.

Economic

This system offers great economic advantages over standard workbench sizes e.g. the 3000 x 1200mm workbench (opposite) is the equivalent working area of x4 1500 x 600mm workbenches.

BENCH ACCESSORIES

| Description | Code | Price |
