

NITE-GLO Photoluminescent Safety Signs to British Standard BS 5499-1

Our new NITE Glo material is: • Highly resistant to UV breakdown. • Extremely durable and resistant to shrinkage. • Flame, smoke and toxicity tested. • Made using an environmentally friendly polyester film. • Suitable for both indoor and outdoor use. • White in appearance during the day yet glows when lighting is no longer available. • Compliant with PSPA, DIN, IMO and British Standards requirements. • These designs look exactly like the illustrations in the Health & Safety (Safety Signs & Signals) Regulations 1996.

Material: 1.3mm Rigid plastic and self-adhesive polyester.
