

Combi Waste Skip

Designed to simplify the holding, movement and disposal of material in confined areas with the unique '4 way entry' base. Manual operation standard, but automatic tipping at high level can be achieved with a conversion kit (P.O.A.) allowing the forklift driver to empty the skip without leaving the safety of his seat.

Standard Features:

- Low loading height
- Reinforce leading edge and body sides
- 4 way fork pocket entry
- Secondary Locking Mechanism to prevent accidental discharge
- Fully seam welded for retention of fluids
- Manual handle override
- Zinc plated heel pins for safe attachment to truck
- Painted bright orange for safety

Optional Features: P.O.A.

- Conversion kit for automatic operation
- 125mm Ø nylon castors
- Other colour finishes for waste separation purposes

Nom. Capacity Cu. m	Capacity kg	Maximum Fork Size	Fork Centres	Length	Width	Height	Code	Price
0.9	750	150 x 50	675	1600	1060	830*	540437001	£789.23
1.2	960	150 x 50	675	1600	1300	830*	540437002	£823.08
1.5	1100	150 x 50	675	1600	1560	830*	540437003	£861.54

*Add 205mm to height to give overall skip height

Front Emptying Skip

Chassis welded from heavy gauge construction. Highly adaptable, each load can easily be discharged.

- CE marked and plated
- Sturdy robust construction
- Including fork pockets
- Load easily discharged

- Stackable - 2 high
- Front emptying action allows discharging without the operator leaving vehicle
- Auto release built into base for emptying into a large skip

Internal Skip Size L x W x H mm	Overall Size L x W x H mm	Weight kg	Nylon Wheels mm	Code	Price
