

Scafftag® An Introduction

Status Management Systems

Scafftag is the innovative tagging system which allows a complete safety management system for your workplace. The tagging system comprises of two components, a permanent holder which is attached to the equipment and a replaceable status insert.

Key benefits:

- Empowers employees to make informed and accurate decisions by making information instantly visible.
- Allows the tracking, usage, maintenance and inspection status of equipment, helping safeguard the safety of employees and others.
- Ensures your company complies with key working legislation:
 - Health and Safety at Work Act 1974.
 - Management of Health and Safety at Work Regulations 1999.
 - Construction (Health, Safety and Welfare) Regulations 2007.

Holder

Insert

Scafftag Laddertag®

A must for all ladders, kick stools and podiums.

- Regular and detailed inspections of ladders both temporary and fixed must be carried out.
- Laddertag® is robust and highly visible, displaying information on the ladder class and inspection period.
- The reverse of the insert displays a quick reference inspection checklist.
- The Laddertag® Kit contains 10 holders, 10 inserts and 1 pen.

Holder

Insert

Scafftag Towertag®

Ideal for all types of mobile towers.

- Working in the same fashion as Scafftag (opposite) the up-to-date status of the tower is instantly visible.
- The insert allows specific information on the movement of each tower scaffold and maximum safe working loads to be clearly displayed at the point of use.
- Simply slide the insert into the 'DO NOT USE SCAFFOLD' all weatherproof, UV resistant holder.
- The Towertag® Kit (SCF06) includes 10 holders, 20 standard inserts and 2 pens. Replacements inserts are available in packs of 10 and 50.
