

Speed Ramps

- Safe and effective speed control
- Easy to install and relocate
- Durable rubber moulded sections
- High visibility yellow and black ramps
- Tapered ends neatly complete a run
- 10mph control rating
- Cats' eyes for night time safety
- Speed ramps provide a highly effective method for controlling vehicles where excessive speed could pose a danger
- The smoothly curved profile dictates a 10mph control speed, yet avoids the possibility of damage to low slung vehicles
- Any length of ramp can be formed by simply adding together the tough 500mm wide yellow and black sections
- Fixing bolts are included with all sections

**FROM ONLY
£23.88**

Use two end sections to make a Circular Bump

Description	Length x W x D	Weight	Code	Price
